## VOLUNTEER CODE OF CONDUCT

As a volunteer of this community, I recognize that I have special responsibilities and duties of care for our clients and the property. These duties begin with legal requirements, but go far beyond them; they require us at all times to act in the best interests of our clients and follow a strict code of conduct:

- I understand and accept fully the trust placed in us by our clients and their families.
- I recognize that learning occurs best when trust and a sense of security are systemic within our community.
- I promise to promote a culture of dignity and mutual respect within our community;
- I pledge to nurture the well-being and protect the safety of our clients at all times, always focused on these interests and ready to act on them;
- I acknowledge that the inherent imbalance of power in our relationships with clients requires us to maintain professional and personal boundaries in our interactions with them, and I have a constant duty to protect and act in their best interests;
- I promise to help each other as colleagues to uphold exemplary standards of behavior, and seek advice from colleagues, administrators, and the Director if concerns arise;
- I will adhere strictly to the standards set forth in the volunteer handbook regarding professional behavior, especially but not only the prohibition on all forms of sexual or romantic relationships with staff, clients, and volunteers;
- I pledge to observe appropriate boundaries in spoken and written, including electronic, communication;
- I will respect the requests of my supervisors and communicate my concerns to them directly should I be discontent with any request, staff, volunteer, or activity;
- I will promote a culture of civility and respect in our choice and use of language in all venues and forums of Concord Recreation;
- I will share responsibility in observing a code of ethics requiring truthfulness, honesty, and integrity in all activities;
- I will conduct myself as a role model for our clients;
- I will behave in a manner that reflects well on Concord Recreation and in a way that is consistent with our mission;
- I will set appropriate expectations and limits with clients that encourage their learning, responsibility, independence, and growth;
- I will refer all students in need of health services or attention to the appropriate staff person. Adults should not sit with a concern or try to resolve it alone. Err on the side of caution and consultation.

Concord Recreation expects all volunteers to act at all times in accordance with this Code of Conduct as well as those set forth in the volunteer handbook. Failure to do so may result in disciplinary action including but not limited to termination of volunteerism and/or visitation to any Concord Recreation property.
